Defying the evens, one, I'm odd, Three fold is the law, I thought this book were to be a "perfect" rendering of my exp. Autobiography / Personalia, A read of my vulnerabilities, my ability to recall, respond, learn and edify by necessity.

Like how I recently had a dream To I were reliving some sexual violating of self together by consent and I woke up quite upset & desiring cranity. And a dream that Rick let me hold him & I told him.

I am uncertain about my "lovers" & association w/ them.
